

## Greetings, 3905ers!

Our first decent cold front of the season passed through Central Florida, causing the natives to shift from complaining about the heat to complaining about the cold. In the words of Brother John Lydgate, G9MNK (I made that up – they didn't have radios back then), "You can please some of the people all of the time, you can please all of the people some of the time, but you can't please all of the people all of the time." Human nature, as expressed back in the Fifteenth Century! Who knew?

This week in awards was a warm one, however, seeing thirty certificates going out to fourteen members in seven areas. Most were Baker's Dozens and associated certificates of appreciation. One new member joined the fold.

#### AWARDS NEWS ERRATA

Back on September 15, I issued **Baker's Dozen Award #3529** to KL7OR for working W6PNY on 75M SSB. The band should have been 40M. Corrections have been made all around. We apologize for any inconvenience.

Respectfully submitted,
