Volume 2009 , Issue 2 March – May , Priceless

## NEW MASTERS

We are Proud to announce the newest members to achieve our clubs highest award , The Masters Degree !

They are :

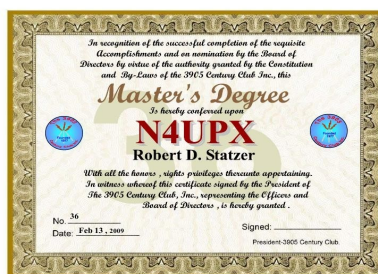

Robert Statzer, N4UPX #36

Tom Searight, K2CV # 37

David A. Reed, NX7F # 38

Greg E. Golden, W0OI # 39

Way to go guys !

(Their story on page 2 - 5)

## 3905 Eyeball in the Sunshine State .

### QSL CARD FOR THE EYEBALL

The Eyeball will take place at the Vista Antique Gas and Steam Engine Museum in Vista California on July 31 through August 2, 2009.

Registration is \$38.00 per person, go to the registration page to register at <http://www.2009eyeball.com>

For questions please contact the eyeball host Loren Hunt [ad6zj@2009eyeball.com](mailto:ad6zj@2009eyeball.com)

Please visit the registration page to get registered. Once registered you can send a payment in the mail or via PayPal. If paying by check please make checks payable to Loren Hunt or AD6ZJ. Thanks

Your Host, Loren AD6ZJ

Latest news:

**March - 9**, Early registration drawing was held and we have 2 winners! See the News and Checkins page for more details.

**Feb - 28**, Early registration contest closed, drawing for early bird prizes will be on March 9th.

**Feb - 27**, QSL cards arrived for eyeball

**Jan - 25**, QSL cards ordered, click on the schedule page for a picture of the QSL cards.

**Jan - 30**, Registration passed the 25 mark!

W0OI , Greg Golden at the controls

See Greg's story on page 5.

# New Masters 36

**Robert Statzer**

## Me and Masters

Well the day finally came when I worked that last elusive DX on 75 meters. January 30<sup>th</sup>. Oh yeah not to mention that was my lovely wife's birthday as well. She let me slide on the whole celebration until the weekend. She knew how hard I had been working at getting my Masters. She also knew what the last DX meant to me. I had been talking about it for weeks. So anyway-----how it all got started.

Well I was born on June 10<sup>th</sup> 1968 in Farmville VA. I have been around Ham Radio my entire life. No kidding my entire 40 years and some change. My eldest brother, which some of you know, Ron K4RWS was first licensed back in 1967 sometime. Not hard to do the math there and figure it out that I wasn't even born yet. I can remember as a kid watching Ron operate some rig that he and my father had built. The thing had a light bulb in it as one of the components. Every time he would key it down the thing would glow. Me being just a wee bit a lad, maybe and most likely still in diapers, it fascinated me so much. I can remember also Ronnie was making some sort of coil. Have no idea what it was for but I can remember him filing the coil form. So how did we get started in Ham Radio? Our father had a television repair shop and you know what those shops had. Parts galore for Ham Radio. Back in the good old days you had to make all your gear. I guess you could say our father got Ronnie started in the hobby. I Have had many hours of listening to and tuning around on the Hams Bands for ever it seems like. Oh yeah I have to throw this in there. I forgot to mention this Ronnie and I aren't the only Hams in our family. Ronnie and I come from a rather big family. There is 6 boys and one girl. I am the youngest and our sister is the oldest. And Ronnie was the first of the boys born. Now out of the seven of us 3 of us are Hams. Our sister and one of our brothers. My sister's husband their daughter and husband are as well Hams. Now our other brother and his oldest daughter are as well. All the hams are still licensed and current in all the log books. Also our father became a ham late in life and his final call sign was N4UPX. Yep you guessed it I took on his call as a vanity call soon after his death in 1995.

So in 1990 I came home from MS to bring my wife down here to current QTH. My brother David talked me into taking the Tech No Code test. I just did barely pass it. How ever I did and my ham career started. I played around on 2 and 6 meters for 12 years.

Then with some coaxing from Ronnie back in 2002 I went and took the General test. I passed the written part with no problems what so ever. I thought it was rather easy to do. But the code part was the hardest part for me. But I didn't give it up. I practiced hard for the next month on my code and took it again and didn't pass it. Close but didn't pass it. The next day I had a chance to take the code again at another location near by so I went and took it again and guess what ??? I past it with the copy. Boy was I pleased to hear that I passed it. So I got on the phone to Ronnie in NC and told him I had passed it. Guess what he talked me into doing. Get on 40 meters and join me at 0000 Zulu on 7.2335. He explained to me it was the 3905 Century Club and check in to the net. So there is where I started my HF fun.

That day was April 8 2002. My first contact on the 40 Meter Early net was with AB8MW Frank in OH and I made 22 contacts the first night I was one of the nets. I have been hooked ever since. Then Friday the 13<sup>th</sup> back in February of this year I was listening to the board meeting when I was voted as Masters #36. Yes Friday the 13<sup>th</sup> what a lucky day for me. What was really weird that my DX award is numbered 136 on 75 meters. I think 36 is going to be my new lucky number. So there we are 7 years later and a lot of hard work.

My congrats go out the guys that made it with me this year so far. AL7QQ, N3YK, NI7F, K2CV, NX7F, AND W0OI. Way to go guys. I am sure that there will be a few more before this year is over. I hope so anyway. This is going to be the year of the Master I think. We have all ready had at least one every month so far.

Now to all that helped me along the way. The first person I want to thank is my father, Bill Statzer (SK) N4UPX. He got all of us in my family started in this hobby. Then my brother Ronnie K4RWS to whom got me started with the club in 2002. Then to Glen WT0A if not for him and a few others I would have never completed the Master Degree. A few others that helped along the way N9JZ, WA0SMQ (SK), NT4Z, KM5MS (wx updates after Katrina while I was deployed), KD4POJ (fellow military engineer), N5OHL (for putting up with my award mistakes) N5UJB (one heck of area director) W6BUM (W9BUM????) WB5FDP, and the last two whom helped me get my last few DX stations N3YK and NI7F. Called me on the phone while I was working night shift at work. I know I have missed a few in there but anyway I will say thanks to all that have been there on the road and every where.

73 and take care to all.

N4UPX Master #36

# New Masters 37

**Tom Searight**

**At this point I have my sights set on some new awards and plan to continue on the progressives as well, It's endless!  
It's been a lot fun along the way and I always enjoy hearing the my Century Club friends on the nets!**

**73, and hope to hear you all on air soon. K2CV..Tom**

**Well being a fairly new ham (Licensed in 2003) I caught the end of the last solar cycle and worked a good amount of phone DX. I found the 75m Century Club Net in late 2004 and have been hooked ever since with most all my radio time being spent with the CC. Going back to my paper logs it looks like my first Club contact was with K5HKG ( AKA, The Hong Kong Gorilla). That was on 9/26/04 under my old call (KC2LCZ) and I made about 225 contacts to finish out that year. As of now I'm just a bit shy of 4,000 contacts with the Club and plan to make a lot more.**

**As far as the Masters Degree Award goes, yes it is a difficult award and requires a lot of time spent on the nets to complete but I feel it's worth the effort and something you can be proud of. Looking back at the my awards, I can remember submitting my first 1K award and thinking how could anyone ever complete that masters award?**

**Well it just seems to come together after a while and before you know it your not counting how many awards are left to complete but instead you counting the number of contacts you need. I seems like the last award most guys need to finish their masters is 75m DX. Oddly enough, the last award for me to finish my masters was 2K on 40m and thanks to Glenn, KB1NGD who called me on his turn knowing that he was the last contact I needed to finish up.**

## CCLOGGER

This program is written for us by Dean Davis, N7XG . It is a very powerful logging program and you will wonder how you every did without it . Not only will it keep your calls sorted but will print your cards and send a list out to the reflectors . Way too many features to mention here ! Download from : [www.Alpinesoft.com](http://www.Alpinesoft.com)

## GIB

This is Good in Bureau . This is a great program that is provided by Rick Mobley , WB5FDP . He has many helpful programs available for us to use . Awards look up by call , name or even for the month . Many more too ! <http://radiohome.com/wb5fdp/3905ccn/>

## Chat Room

We have a Chat Room that has been made available to us from Al, VE4ABU . Great fun to chat with fellow CCN members while the nets are going on and even when there not . Just drop by and say hello . Always a room full !

The Chat Room is only available by contacting Al and requesting a download . Quick and easy . You might be surprised who all you run into there .

Contact VE4ABU at qrz.com and send him an email !

This is just a quick example of the programs that a few of our members have written for us . Just to let you know what was out there . I hope to have more details about their great programs in future issues . In their words , not mine . (much better )

Ron Stanley , Editor

# Master 38

David A. Reed

Dave Reed's interest in amateur radio began at about age eleven, when he attended club meetings, rabbit hunts and other amateur-radio-related activities with his father (WA5OK). His father arranged for a very well-known and respected elmer from the Radio Club of Tacoma - Jerry Siligman, W7BUN (SK) - to provide lessons on theory and code, which ultimately led to a Novice class license in 1976 with the call sign WB7NBF. With radio equipment on loan from the Radio Club of Tacoma, and a general knowledge about how to build a dipole antenna, Dave was quick to get on the air with his own station, making CW contacts with other amateurs all over the country.

As is commonly the case for young hams, other interests took precedence and Dave was off the air for several years. In 2006, on a trip to visit his father, who had moved to Oklahoma, the opportunity to attend the Ada, Oklahoma hamfest came up. Dave's father encouraged him to attend the VE testing session just to see if he could pass the Technician licensing examination. After taking a few practice tests at [www.qrz.com](http://www.qrz.com), Dave barely squeaked by with a passing score and obtained a Technician class license with the call sign KE7GNV.

Passing the Technician class licensing exam was the spark that re-ignited the amateur radio fire. Immediately upon returning home from visiting his father, Dave bought a study guide and subsequently passed the General class licensing exam about a month later. He also applied for and was granted the vanity call sign W7TAX. A modest station was put together and Dave was back on the air!

On August 1, 2006, while spinning the dial, Dave happened upon a group of signals on 7.2335 MHZ. It was the 40m SSB Late Net, with W4HWD as NCS. After listening for a while to get a feel for how the net operates, Dave checked-in and made twelve contacts that night, starting with KI7PM who was mobile in New Mexico. Those first twelve contacts contain some very familiar call signs: KI7PM, AC0BG, AL7QQ, KV4GO, WA6CDO, W7ZXL, W7DGX, KD7VIK, K6CA, K5SVC, KH6G and WB7PTC. The net was very well run, it was a lot of fun, and Dave was hooked - he became a regular participant on The 3905 Century Club nets.

It wasn't long before Dave decided to make obtaining the Masters Degree Award his top priority. Paul Kelly, NN5G provided invaluable advice as to how Dave should proceed, and it was there that the journey began.

Dave says the most difficult award for him to obtain was the DX Award on the 75-meter SSB Nets, and this was the final award needed to complete the Masters Degree Award. On 31 January 2009 Dave worked his 25th DX contact on the 75-meter SSB Nets: XE2/N5SWE.

On March 2, 2009, Dave was awarded Masters Degree Award #38. Dave says it took two years, six months to complete and in that time he made a total of 4,557 contacts.

---

## Mobiles on the Century Club

These are valuable contacts so next time you work a mobile tell them " thanks for being there "

# Master 39

Greg Golden

To everyone,

First I want to say thank you to everyone in the 3905 Century Club. I was reviewing my logbook to do what Larry (K0HNM) suggested "savor" the moment, and pick out "defining" moments. The more I looked at the logbook the more I understand how important everyone is in making this experience possible.

I am a retired Air Traffic Controller and have been involved in aviation since I was a kid. I have been a pilot for over 40 years and I enjoy building and flying R/C aircraft. Nice thing about flying R/C aircraft in the event of a crash you can walk to the scene of the accident. These pursuits led to Amateur Radio. Compared to most people in the 3905 Century Club I am probably a new ham, earning my General back in October of 2002. My elmers (N0OXV and N0OU) steered me to the 3905 Century Club, as I wanted to try and work all states. When I checked in for the first time, I was met with a sincere sense of welcome. That may sound trite, but it is true. Among my first contacts were K5FNS and W5IL on 40M. I learned quickly about, triplets, magnum and my most popular (also, also). These types of responses seem to break through all types of QRM. Another early lesson was organization of contacts. I got the sense pretty early on (*after I inadvertently made a call to someone I had previously worked*) they would immediately let me know (*that while they appreciated the call*) we had worked before. I could tell by voice inflection that this "faux pas" is considered bad form. I needed a good logbook. Special thanks to Dean N7XG, without the organization his logging program has provided me, I probably still would be making this "gaffe". It was after these first few months of furious contacts and receiving QSL cards, that my goal of working 50 states seemed small compared to what was available through the 3905 Century Club. PSK, RTTY, CW, different bands, and mobile, I wanted to experience it all. To make this possible required more members of the 3905 Century Club. Thanks to Tom, AA1NZ and Rick, WB5FDP, for helping me overcome my fear of trying CW. Another thanks to VE4ABU for his RTTY and PSK programs which helped me through the RTTY and PSK nets. And thank you to Dean WC0PD and Nadine WA0SMQ for helping with my award applications.

I have learned many things in approximately the last 7 years that without the 3905 Century Club would not have been possible. For example, how propagation works as the evening wears on for 40m and 75M. Operating different modes like, PSK, RTTY, CW (of course my fist needs improving). Proper use of different antenna setups and how to work through QRM. How to operate mobile HF and be a NCS.

I enjoy working mobiles (like WC0PD, KI7S, KC2PUF, KG4NBL, K0MRC) as they travel all over the United States. I like to ride along with other mobile stations as they (like I do) plan vacations around states to allow other members to make contacts in various states. (Even my YL enjoys the remote locations and scenery of bordering state lines.)

Thank you to Richard (W5IL), Gene (WM9H) and Ron (N9KNJ). I have got to visit their bureaus, I still can not understand how they keep all of the QSL cards straight.

As I recognize the contacts in my logbook, observed the SK's I have worked, I realize it has taken quite an organization to make this happen. Thank you doesn't quite seem to cut it. I have internalized that while the purpose of the 3905 Century Club is to make contacts and exchange QSL cards, it has become much more than that to me. The 3905 Century Club has allowed me to make contacts from people from all over the world and to make and savor friendships. I look forward with anticipation to the contacts and friends I will make. 73's and thanks again for making this possible.

Greg

W0oi (formally kc0occ)

Jackie (WV4EVR) and Kevin (KD8EVS)

Zach (KD8JCO) and Kevin

## The Adventures of a Ham Family

The Williams' family decided to start a new hobby. Kevin suggested amateur radio, and thus our journey began. We got our first radio in February 2008. We discovered the Century Club a month later when invited by Jeff (AL7QQ).

We soon discovered the joy of going mobile. We've always enjoyed traveling, and the radio fits in nicely. We have made lots of great friends along the way. We have had the pleasure of meeting some of them in person. We plan to meet many more on our road trip to the 2009 Eyeball in California.

There are so many funny memories we will always treasure from our travels. When people would ask what the huge antenna was used for, Zach would tell them "It keeps the space aliens away". We have met lots of nice, curious police officers that stopped by to say hello. Zach has logged on many items including a leftover pizza box from dinner. On more than one occasion, we forgot to eat dinner due to the rush of getting to the next destination before net time.

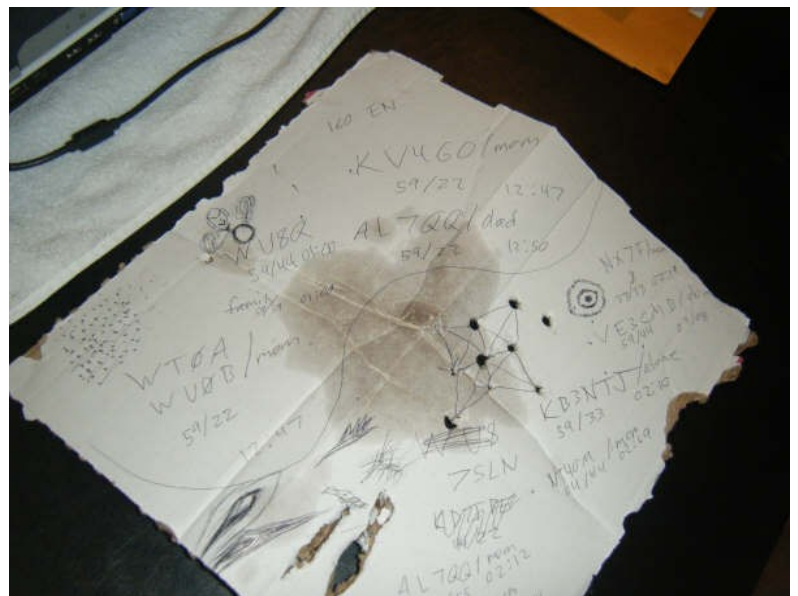

Amateur radio has become an obsession for our family. This is a good thing because we spend lots of time together. We share the thrill of getting a rare DX or making that final contact for an award. Now our vacations are planned around which locations would give the best contacts. We are a ham family for life, and look forward to many more great contacts.

73's & 88's  
The Williams  
Kevin, Jackie, & Zach

Do we have great mobile operators or what !?!

Is that Key Largo ?

A Pizza box makes a good log book

# Email Reflectors Groups

**Our email reflectors have been a big help and make the nets run smoothly .**

3905 Checkins : While on the net follow along with the check in list  
 3905 Chat Group : General discussion and Club information  
 3905 Award Talk : Q&A of awards .  
 Hamtown : General Friendly chat ( fun but clean please ) also check in list for each net .

**If you want to use links to signups for each of the groups, here they are...**

3905Chatgp <http://groups.yahoo.com/group/3905chatgp/>  
 3905Checkins <http://groups.yahoo.com/group/3905checkins/>  
 3905AwdTalk <http://groups.yahoo.com/group/3905AwdTalk/>  
 Hamtown <http://groups.yahoo.com/group/HamTown/>

You will have to subscribe and be approved for each you would like to join .

## Our Club has many fine Awards !

Here is a complete listing of awards issued since Jan. 1,2009 up to now .

### 20 Meter PSK 100 Point

NN5G	42	20 Paul Kelly	2/20/2009
------	----	---------------	-----------

### 20 Meter RTTY 100 Point

NN5G	50	20 Paul Kelly, Jr.	1/31/2009
------	----	--------------------	-----------

### 40 Meter CW 100 Point

KC0MS	168	40 Karl Peterson	2/18/2009
K4NOP	169	40 Michael Newland	2/24/2009

### 40 Meter PSK 100 Point

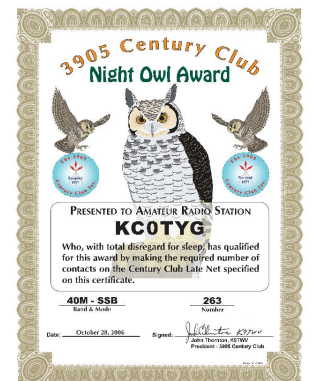

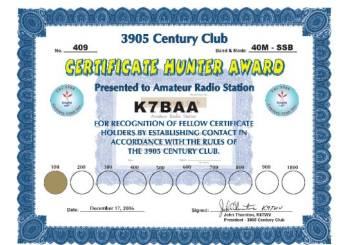

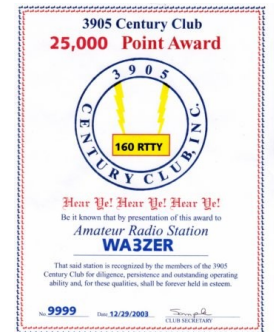

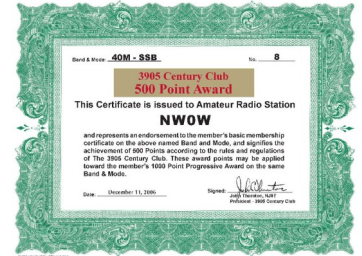

K4QHH	60	40 Bob Bischoff	3/19/2009
-------	----	-----------------	-----------

### 40 Meter RTTY 100 Point

N3WD	128	40 William Dobson	3/4/2009
------	-----	-------------------	----------

### 40 Meter SSB 100 Point

K1MAA	2617	40 Frank Fascione	1/3/2009
WA6LBU	2618	40 Clay Mayrose	1/15/2009
WX5SD	2619	40 Steve Duncan	2/8/2009
NE9DH	2620	40 Jim Wade	2/12/2009
VE9SX	2621	40 Melanie Wade	2/12/2009
CK9DH	2622	40 Jim Wade	2/12/2009
WB1I	2623	40 Fred Caswell	2/12/2009
KK4TE	2624	40 Charles H. Moss, III	2/25/2009
KE3HAY	2625	40 Keon Hayes	2/28/2009
WV4EVR	2626	40 Jacqueline Williams	3/5/2009
CG9DH	2627	40 Jim Wade	3/8/2009
W8NET	2628	40 Miles E. Marsh	3/10/2009
WS0Z	2629	40 David Kampmann, Jr.	3/13/2009
KI4SFL	2630	40 Stephen Taylor	3/14/2009

For a complete up to date listing please see Rick's (WB5FDP) web site at : <http://radiohome.com/wb5fdp/3905ccn/>

**40 Meter SSB 500 Point**

KC3TK	73	40	Frank Buchanan	
1/15/2009				
W1MPF	74	40	Scott Lavertu	1/17/2009

If you have anything that you would like to see in the Centurion please let me know . You can reach me at : [nc4rs@triad.rr.com](mailto:nc4rs@triad.rr.com) . I would like to thanks all that have contributed to this Newsletter and look forward to new stories to be in upcoming issues . If you have a mobile trip or Portable outing planed let me know and if the dates work with the newsletters printing well make sure it gets covered .

Thanks and 73  
NC4RS  
Ronnie Stanley  
Centurion Editor .

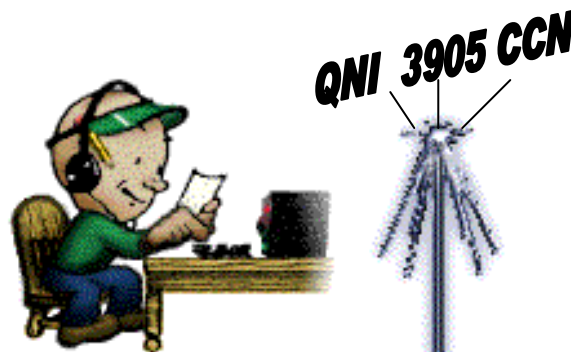

[www.3905ccn.com](http://www.3905ccn.com)

Jim Higgins , KB3PU is the Web Master of our web page . I know we all appreciate the work he is doing with it and the hours he has invested keeping it up to date for us .

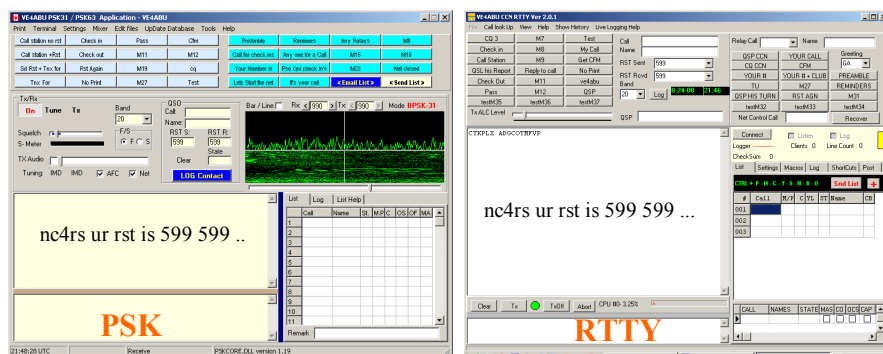

**73's**

CQ CQ CQ

Our CW and Digital nets are going strong ! We are having more and more check ins every net and there is more interest than ever in these modes . Our club offers CW on 20 , 40 , 80 and 160 meters . The Digital nets are two fold , PSK-31 and RTTY formats on all bands except 160 meters . Check out our web site for schedules and come join in .

Thanks to all our Net Controls and a big thanks to KJ4JC , Randy Bean for his hard work on the CW and Digital nets . Randy has brought a new spark (get it) to our CW nets and is very instrumental in renewing interest in the computer based modes also .

Shown here are screen shots of the PSK and RTTY Programs that have been made available to us from VE4ABU , Al Rowe . They have been a great help and Al is always there to help get us up and running ! Al is a great programmer and wrote the code himself . He also provides us with a chat room that is used by many and appreciated by all .

The 3905 Century Club, Inc. is an International Amateur Radio Club incorporated in the state of Florida since February 1977. It's purpose is to assist hams both foreign and domestic in obtaining Worked all States awards. We have nets on 20,40,75,80, and 160 meters operating a mixture of SSB, CW, RTTY and PSK-31 modes . The Club offers many fine certificates for contacts made on its nets .
