Vol. 8, No. 4 THE 3905 CENTURY CLUB, INC. Fall, 1987

## From Your Editor

by K4KWN

Well, we get the antennas back up and get the rig warmed up. The activity on the lower frequencies are starting to get hot again, and the RTTY net looks very attractive in particular. I flip on the VIC-20 and key in the command to start the RTTY program running. Then, all of a sudden, the screen on the computer goes blank. After a little component switching it becomes readily apparent that something has gone "sizzle" on the inside of the VIC.

No big deal, sez I...all we have to do is get it repaired. Only one shop in Louisville will attempt it, and they sez \$57.00 and no guarantee that it will run after dropping the cash!

No big deal, sez I...we'll just get another one. Have you ever tried to find an out-of-manufacture computer? More likely to find snake's hips! But, being stout of heart and weak of mind, the hunt goes on and, VIOLA!, one is located for less cash than what we would have spent on getting the other one fixed.

The wallet is whipped out and the transaction swiftly consummated! A quick dash home and hook-up to a power source rewards Yours Truly with the opening message!

Inquires to:  
Bob Hall, K4KWN, "Centurion" Editor, 3125 Lynnwood Way, Jeffersontown, KY 40299

Now, we're ready to let 'er rip! We flip on the rig and receive a reward of deathly silence..the audio circuit has gone out on the transmitter. As soon as it gets fixed we'll be back with you. Until then, we'll communicate via the written word, namely the "Centurion".

In this issue is a rather lengthy list of awards that have been issued. The Board of Directors of the Century Club has made a few changes in some of the nets' times, dates, and frequencies. They are shown in the "From Your Board of Directors" column.

Winter is almost upon us and the time to start working on your antennas is rapidly approaching..you know, it has to be cold, blustery, freezing rain or snow before one can work on an antenna and have it operate at peak efficiency! Well, maybe it doesn't work better but it working at all is certainly appreciated more! To those ends I have reprinted the instructions and diagrams on the Double-Bazooka antenna. For some reason, this rascal works extremely well, and by preparing a set of 40 meter radiators, it's a snap to go from 75 meters to 40 meters next Spring and Summer.

Some notes and letters have been received and will be highlighted in the "From Our Readers" column. All this, and more, for your enjoyment!

### NET SCHEDULE

Daily	160 Mtrs.	1.865 Mhz.	0100Z - 0500Z	Year Round
			0500Z - 0900Z	Late Net (exc. Sundays)
	75 Mtrs.	3.905 Mhz.	0100Z - 0500Z	Summer (late net follows)
			0200Z - 0600Z	Winter (late net follows)
	40 Mtrs.	7.253 Mhz.	0000Z - 0400Z	Year round
Wed.	80 Mtrs.	3.705 Mhz.	0100Z - 0300Z	Summer (CW Net)
		3.705 Mhz.	0200Z - 0400Z	Winter (CW Net)
		3.635 Mhz.	0300Z - 0500Z	Summer (RTTY Net)
		3.635 Mhz.	0400Z - 0600Z	Winter (RTTY Net)
Sun.	40 Mtrs.	7.083 Mhz.	2000Z - 2200Z	Summer (RTTY Net)
		7.083 Mhz.	2100Z - 2300Z	Winter (RTTY Net)

### From the Board Room

by WA4SGR

The Board has approved a couple of activities which will affect your participation and enjoyment of the activities of the 3905 Century Club.

1. A new CW and RTTY net starting times have been changed. The CW net will be on Wednesdays and will start at 0100Z Summer and 0200Z winter. The RTTY Net on Wednesdays will start at 0300Z Summer and 0400Z Winter. The RTTY Net on Sundays will start at 2000Z Summer and 2100Z Winter. The frequency will be about 7.083 MHz.

2. The special election for the Third Area Director resulted in N3JV being elected to the spot. NN00 has had to resign from his 10th Area Directorship due to business conflicts. Spence, K0AFY, has been appointed to serve the remainder of the term.

3. The Board has authorized the 160 Meter Net to operate each night from 0100Z to 0500Z with a late net to follow each night, except Sunday Night, from 0500Z to 0900Z.

## From Our Readers

We have received a couple of letters from our readers and have reproduced parts of them below. We are always eager to learn more about what is happening in the lives of our members, so don't be shy about sharing information.

Norm Hanson, W0RSD, writes, "...disappointed that awards were not shown between August 86 to Summer 87 especially since there was omission between 75 Meters 100 Point numbers from 1369 to 1439 - I was K1434 - I suspect that many members like to see what awards have been made to those they have worked - I certainly do.  
I agree with you, Norm, and will try to get info in the coming issues without any skipped numbers.

Marty Smith, KA2NRR, reports that a new group has been established in the New York City Schools for the purpose of getting young people interested in ham radio - electronics - computers - multi-cultural relations, etc. He also reports that one of the folks in his group, Carole Perry, WB2MGP, received the Ham Of The Year Award from the Dayton Amateur Radio Association for her leadership in the spreading of ham radio across the Nation.

Thanks for your letter, Marty, and the info about Carole and the cartoons. I'll get in touch with the magazines and get them in some of the coming issues. Your newsletter, 'Ham'n'Ed's' is greatly appreciated. I can tell a lot of time and effort has gone into it. And finally, Marty, congratulations on your Golden Jubilee Award - DXCC. I'm looking forward to hearing more from you!
