

Constitutional Amendment Proposal

Two proposed amendments to the Club's Constitution are available for review on the Club website. The complete proposals appear in the **September 19, 2026 Board meeting packet**, available under **Club Info, Administration, Board Files**.

The first proposal, Motion 2026-09-D, concerns Assistant Area Directors. It would add the words "or vacancy" to Article One, Section C. This would expressly allow an Assistant Area Director to serve and vote when the Area Director's position is vacant, in addition to serving during the Area Director's absence.

The second proposal, Motion 2026-09-E, concerns mailed copies of proposed constitutional amendments. It would remove the requirement in Article Eleven, Section A, for the Club Information Officer to mail paper copies to members at Club expense upon request. The requirements to post proposed amendments on the Club website and announce their availability on each Club phone net for three weeks would remain unchanged.

Please review both proposals and share your questions or comments with your Area Director before the Board considers them.

For these pending proposals, members may still request a paper copy from the Club Information Officer, mailed at Club expense. That requirement remains in effect while the proposed change is pending.

These are proposed changes, not adopted amendments. Following the required three-week notice period, the proposals return to the Board for consideration. Adoption requires approval by a two-thirds majority of the entire Board of Directors. Thank you for taking an interest in your Club and keeping your Area Director informed of your views.
