

## The 3905 Century Club Mobile Shoot-Out 2024

At the Laconia, New Hampshire Eyeball Event

Saturday, September 7, 2024

9:00 AM – 12:00 PM EDT

Please join us for a grand Saturday morning competition where we will determine how your mobile signal stacks up against the rest! If you do not have a mobile setup, come anyway – this event is a fun spectator sport where you can enjoy wagering on whose rig will be Top Gun!

The subevent is open to all paid Eyeball registrants. More detailed information is available in our [Shootout Brochure](#). You can either register for the Shootout at the same time as you register for the Eyeball, or if you have already registered for the Eyeball, [use this direct link to register for the Shootout](#).

The winner will be crowned **Top Gun**, and he or she will hold the distinction until the next shootout. Our reigning Top Gun is **Bob Hall, KI7PM** Second and Third Place entrants will be recognized as **Big Gun** and **Son of a Gun**, respectively. Even the last place finisher will not be left out – the **Pop Gun** designation will stick with him or her for a full year. Congratulations to **Clay Mayrose, WA6LBU**, who amazed us all with his memorable 2023 performance!

The 2024 Shootout range location will be Risley Field, across the street from the Robbie Mills Sports Complex, just a few minutes' drive from the Eyeball headquarters at Leavitt Park. Many thanks to the Laconia Parks and Recreation Commission for arranging the use of these facilities! A detailed aerial view and a locator map are included in the [Shootout Brochure](#).

Our shootout masters this year once again will be the venerable **Ben, AE4NT**, and past president **Dwight, WF4H**, along with a cadre of competent volunteers. We look forward to seeing you in New Hampshire!
